

## PARENT-LED PLAYGROUP

Playgroups provide opportunities to engage, learn and grow together, thus developing a community sense of Belonging.

Both Dr Eleni and Tina have experience in early childhood play groups, but they want this to be a **Parent-Led** Playgroup. In other words, their professional role is to establish the playgroup and provide on-going support. The weekly running of the Playgroup including setting up and packing up and ensuring respect for the premises, must be carried out by parents/grandparents.

### YOUR RESPONSIBILITIES

- Observing children's safety
- Encouraging positive social behaviors
- Building membership by promoting the Playgroup
- Being welcoming to new members
- Helping with Morning Tea, set up and Pack up times
- Preparing a planned activity (when on Roster)

Each week a parent/grandparent prepares an activity (see notice board schedule). This can be an Art, Craft, Science, Music, Dance or Special Cultural or Religious activity. *Talk with Tina or Dr Eleni for suggestions.*
